

First Activity . **Write your name here**

Site A - Setting the Scene at Triassic Park Hall.

1. Turn your map in the same direction as the quarry.
2. Use a compass to find north.
3. Mark north, south, east and west on the compass at the top of the map.
4. Look eastwards at the old quarry faces which have been cut through the rocks.

Park Hall "Play Canyon"- locality map

From what you have seen all around you, you should be able to recognise two kinds of rock in Park Hall.

In the east face, what rock is on top?	
What colour is it?	
What is it mainly made of?	
What rock is at the bottom of the face?	
What is it mainly made of?	
Which is the younger rock?	
Which is the older rock?
